

Glasgow Tennis Courts

This 10 court, tournament caliber tennis facility shares an almost 6 acre piece of land with the neighboring Judy Center on Glasgow Street in Cambridge, Maryland. These courts have recently been resurfaced and have served as the home court venue for Cambridge South Dorchester High School's Men's and Women's tennis programs for decades. With the continued growth in popularity of the sport of Pickleball, lines have been added which provide four Pickleball courts on these same surfaces. Additionally, this property features a full outdoor basketball court as well.
